BEP 7-60 Bearing puller

User manual

1. Product details

No.	Description	No.	Description
1	Carrier case	7	S1 guide rod + slide hammer
2	User manual	8	Pulling hook E45-60
3	Pulling hook E30-40	9	Pulling hook E10-12
4	Pulling hook E20-28	10	Handle
5	Pulling hook E15-17	11	Pulling hook E7-9
6	S2 guide rod + slide hammer		

The **BEP 7-60** internal bearing puller set enables the quick and safe dismantling of bearings, gears and pulleys with an outer-ring interference fit from housings.

2. Technical data

Toolbox			
Dimensions	530 x 110 x 360		mm
Weight	9,4		kg
Spindles			
Length	S1	417	mm
	S2	557	mm
Compatible with	S1	E7-9, E10-12, E15-17, E20-28	
	S2	E30-40, E45-60	

Detailed dimensions and technical drawings can be found in the Technical Data Sheet for the BEP 7-60.

3. Safety

- ! Risk of pinching your fingers
- ! Wear safety goggles
- ! Wear protective gloves
- ! Wear safety shoes

4. Use
