

Bearing puller BEP 71

Tool for removing
deep groove ball bearings

GRUETZNER
AUTOMATIC LUBRICATION

Advantages

Low acquisition costs

Precise

Pulling hooks grip directly into the outer raceway

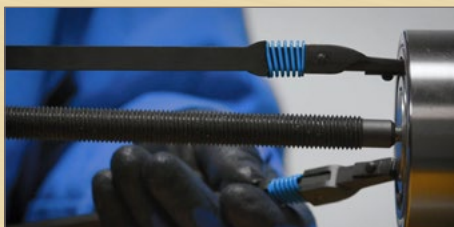

Further advantages

- Suitable for up to 71 different deep groove ball bearings
- Rubber cap makes it easier to attach the pulling hooks
- All individual parts available as replacement parts

Application

- ✓ **Maximum force:** Custom-fit pulling hooks grip directly into the raceway for optimum grip
- ✓ **Easy handling:** Springy hooks make it easier to attach to the bearing
- ✓ **Versatile:** For bore diameters ranging from 10 to 100 mm – also for sealed bearings
- ✓ **Stable:** includes a robust carrier case
